

The MERG Charter

1. **Name:**
The Group shall be known as the MODEL ELECTRONIC RAILWAY GROUP [MERG]
2. **Objectives:**
The Group exists to promote, maintain, and foster interest in the application of electronics, including computers, to Railway Modelling by:-
 - a. Offering the assistance of the Group to members and railway modellers generally,
 - b. Promoting fuller recognition of the benefits of electronics in the model railway press,
 - c. Encouraging and supporting development of new electronic applications and techniques by members and where appropriate arranging publication or kit manufacture..
 - d. Demonstrating electronic methods where invited and with the available Group support.
3. **Membership;**
Membership of the Group shall be open to all those, 18 years of age and above, interested in electronic applications to railway modelling..
4. **Activities:**
The Group shall provide for the exchange of knowledge, experience and ideas between members by providing contacts with those having similar interests, including formal meetings, provision of Internet communications and the encouragement of area groups.
Publications produced by the Group shall be made available to all members.
